HERBICIDE

Paradigm™

Arylex™ active

HERBICIDE

PrePass™ FLEX

HERBICIDE

Tighter rotations, reduced tillage and resistant weeds make it hard to get a truly clean burndown with glyphosate alone. Choose one of our pre-seed herbicides with SoilActive™ technology, and you'll get the weed control you need to give you a clean, efficient start next spring.

SAVE ON YOUR FALL PRE-SEED WHEN YOU PURCHASE BY SEPTEMBER 15, 2018 AND PURCHASE A CORTEVA AGRISCIENCE™ BRAND CANOLA HYBRID BY OCTOBER 16, 2018.

Pre-seed herbicide purchases

*On matching acres of Corteva Agriscience canola hybrids and your fall pre-seed purchase. Corteva Agriscience™, Agriculture Division of DowDuPont, canola brands include Brevant™ seeds and Pioneer Brand D-Series canola hybrids (up to \$2.25/acre). Commit defined: Contract, book, or purchase your Corteva Agriscience brands by October 16, 2018. The savings will be paid as a rebate based on your invoiced purchases of eligible products between August 1, 2018 and October 16, 2018. Minimum 200 acres required. Paid as a rebate on top of any savings from the 2018 Diamond Rewards program. Corteva Agriscience reserves the right to amend this offer at any time.
